

MICROSCAN®

Product Line: Industrial Scanners New Addition: QX-870

The QX-870 industrial laser scanner combines an intelligent sweeping raster with our most aggressive decoding capabilities to reliably read 1D barcodes in almost any automation environment.

- QX Platform features:
Quick Connect System with simple networking schemes
X-Mode Technology with symbol reconstruction
- Optional embedded Ethernet TCP/IP and EtherNet/IP
- IP65 industrial sealing
- Aggressive decoding out of the box

Price	Part Number	Description
QX-870 Serial Communication		
\$2,695	FIS-0870-0001G	QX-870, Sweeping Raster, Low Density, Serial
\$2,695	FIS-0870-0002G	QX-870, Sweeping Raster, Medium Density, Serial
\$2,695	FIS-0870-0003G	QX-870, Sweeping Raster, High Density, Serial
QX-870 Serial Plus Ethernet		
\$2,695	FIS-0870-1001G	QX-870, Sweeping Raster, Low Density, Serial + Ethernet
\$2,695	FIS-0870-1002G	QX-870, Sweeping Raster, Medium Density, Serial + Ethernet
\$2,695	FIS-0870-1003G	QX-870, Sweeping Raster, High Density, Serial + Ethernet

APPLICATIONS

- Any industrial environment from light to heavy duty
- Food, beverage, and product packaging
- Automotive assembly
- Electronics assembly

Industrial Laser Scanner Series

QX-830

Compact scanner with QX Platform, ideal for tight spaces in moving, industrial applications.

QX-870

Intelligent raster scanner with QX Platform captures multiple codes in varying locations.

MS-890

Extended read range intelligent raster scanner with autofocus and easy wiring box option.

Available Codes
